LOCATION

PELOPONNESE REGION

Whether you're enjoying the stunning views of the Costa Navarino golf courses or exploring the Peloponnese region of Greece, all of our guests will get the thrill of a Grecian adventure.

Peloponnese was named for the Greek mythological hero, Pelops, who was instrumental in the founding of the Olympic Games. With a stunning landscape and fascinating history, the Peloponnese is home to both majestic mountains and beautiful beaches as well as legendary ruins like Ancient Olympia and Mycenae.

W COSTA NAVARINO

Set seafront by the Ionian Sea in the Navarino Bay is one of the most unspoiled and sunning Mediterranean seaside resorts. This prime destination in Greece's southwest Peloponnese region has been shaped by over 4,500 years of history. The Costa Navarino philosophy is driven by a desire to create the perfect vacation haven while protecting and preserving the region's natural beauty and heritage.

BAY COURSE

The 18-hole, 71 par seaside Bay Course at Navarino Bay provides both a fun experience and a challenging test for golfers of all levels. The Seaside, Canyon, and Grove holes provide striking contrasts that create a dramatic and memorable golf round.

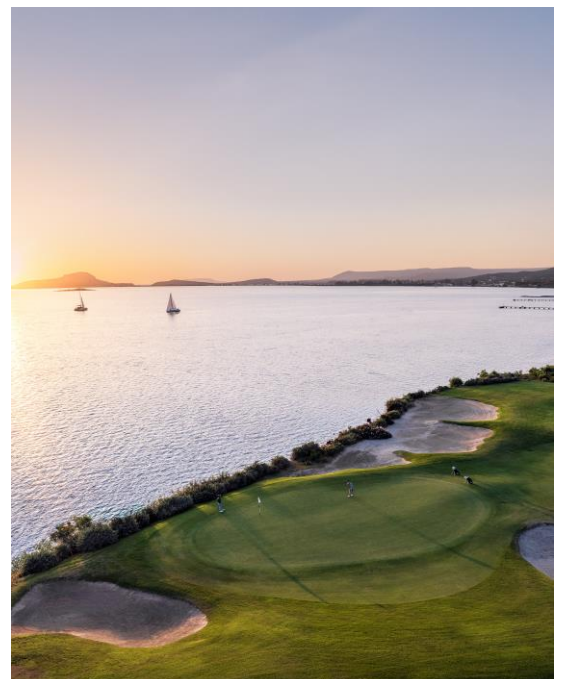

DUNES COURSE

This championship course, set in a diverse natural landscape, offers spectacular sea and river views and incorporates some links-style features in areas closest to the sea. Combined with large undulating greens, wide fairways and steep-faced pot bunkers, the links element of the course adds to its unique style and playability.

OLYMPIC COURSE

Costa Navarino is home to the first International Olympic Academy Golf Course in the world. It is situated 125 hectares above the coastline and offers panoramic views of the surrounding countryside, the Bay of Navarino and the Ionian Sea.
